The Hill and Wang Critical Issues Series: concise, affordable works on pivotal topics in American history, society, and politics. Stephanson explores the origins of Manifest Destiny--the American idea of providential and historical chosenness--and shows how and why it has been invoked over the past three hundred years. He traces the roots of ...

### **Manifest Destiny: American Expansion and the Empire of**

In the 19th century, manifest destiny was a widely held belief in the United States that its settlers were destined to expand across North America. There are three basic themes to manifest destiny: The special virtues of the American people and their institutions; The mission of the United States to redeem and remake the west in the image of agrarian America; An irresistible destiny to ...
